Story and Methodology Created by

Jane Bell Kiester
1. **tedious** *nestled* **verdant**

Horribly hard middle school did not look much different from their elementary school which was nearby in their town of **tedious** Florida. *(Note to teachers: Use your state).* A big one-story brick building nestled among large trees and a verdant lawn and a small city of white portables dotted the field behind the school like white lily pads in a green pond.

2. **shrilled** *ingenuous* **auburn**

Look shrilled Isabelle ingenuous in her high voice as she nervously twirled the purple plastic butterfly that was perched in her wild curly auburn hair. Always upbeat Isabelle was dressed in her knew outfit of purple shorts and bright green top.

3. **insipid** *waggish*

All the lights are on, and there is a teacher gazing out the window of each classroom Isabelle ingenuous continued. I wish we were going to marvelously magic magnet middle school instead of this old ordinary insipid one groaned William waggish whom was not his usual teasing cheerful self.

4. **sagacious** *otiose*

Yeah sighed Sam sagacious who was usually reserved behind his horn-rimmed glasses I hear the teachers their are great. And yes I hear they dont give much homework either added Olivia otiose who hated homework with a passion.

5. **retorted** *fey* **meager** **awry**

Well we don't have enough magic in us so we cant go to MMMS retorted Felicia Fey whose meager magic always went awry. If I were better at magic I would be going there with all the neat teachers and cool classes but I failed the entry test when I accidentally gave Ms vice principal a big juicy zit right between her eyes.
